# FLORIDA VAN COUNCIL

Minutes of the March 23, 2013 meeting at Sidewinder's house, in White Springs, are as follows:

Buffalo Bob called the meeting to order.

Minutes of the January 12, 2013 meeting were read and approved.

There were 5 clubs present (out of 14 clubs total) and SIX Excused Absences during roll call.

## **TREASURER'S REPORT:**

Linard gave the Treasurer's report. It was noted that we haven't been giving out FVC dash plaques and membership cards, as we have done in the past. A motion by Linard that we change from the round "van logo" we have used for dash plaques and membership cards to the rectangular van logo and leave the date on the rear license plate blank, was carried by a unanimous hand vote. That way, we can have these items made up in bulk, and just add the appropriate year on the license plate, as needed.

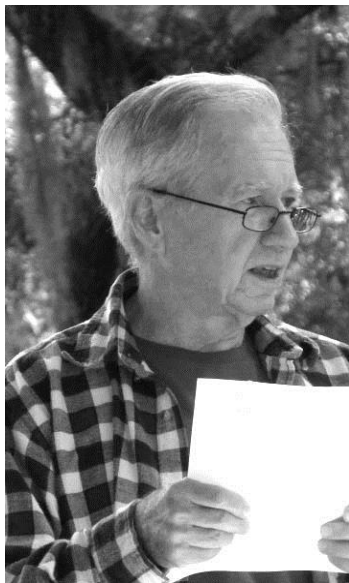

## **NEWSLETTER REPORT:**

Gnarly gave the newsletter report, and noted that he wants to start putting some of our "rejuvenated" vans on the cover. A number of members are making fixes and other "updates" to their vans, and we should show that off. Also, please keep him updated on all events and happenings.

Bob said he would like to see articles from vanners, other than the officers, send in articles to the newsletter. The newsletter will be no better or no worse than the articles we send in. Deadline for inputs to the next issue of the newsletter is May 19. Send inputs to [news@floridavancouncil.com](mailto:news@floridavancouncil.com).

## **REMAINDER OF SCHEDULED MEETING DATES FOR 2013:**

<u>Date</u>	<u>Location</u>
June 8	Floridian RV Resort – St. Cloud
August 31	Jr. and Glenda's - Englewood
November 9	Election of Officers and Pig Roast – Floridian R.V. Resort

## **OLD BUSINESS:**

Council of Councils (CofC) meeting. It was noted that the 2013 CofC meeting, up in Massachusetts, was an adventure, snowstorm and all. Bob said the CofC meeting is very interesting, and well worth the trip, wherever it is held.

National Truck-In (NATS). There was some talk at the CofC 2013 meeting of having the NATS start in mid-week. The NATS Board explained why that is not feasible at the present time. It may be an inconvenience for some, but, the reality is that almost all of the vanners show up on Friday. So, for now, there will be no change. The NATS will continue to start on Wednesday, as it has in the past. Information on the 2014 NATS will not be released until after the 2013 NATS has started.

Since most of the FVC vanners will be helping out at the 2013 NATS, there was a discussion of ideas, especially, games for the “Casino” night. C-Van suggested a Black Jack game, Lew suggested a Dart Board game, and Judith suggested a Poker game and the Horse Race game we tried out at Vanners for Vanners in January. Lew suggested we bring all these game ideas to Beverly Beach and try them out. That way, we can have any “bugs” worked out before the NATS starts on July 10.

Judith noted that we need door prizes, etc. for the NATS. She also noted that they are currently adding more electrics for the campground for the 2013 NATS.

## **NEW BUSINESS:**

Gnarly noted that there is a Vanning Documentary being created by Little Cabin Films, a small, independent film maker. Money can be donated at [www.kickstarter.com](http://www.kickstarter.com) and, if the FVC donates \$100, we can be listed in the credits at the end of the film. A motion by Judith that the FVC donate \$100 to get FVC listed in the credits of the film was carried by a unanimous vote.

## **VAN-IN PROPOSALS:**

There were no new van-in proposals.

## **VAN-IN UPDATES:**

**Foreplay**      **May 3 – 5, 2013 – Beverly Beach.** Theme is “Bringing Back the 70’s.” Mook said everything’s on schedule. Will have the burgers, dogs, and sides. Maybe, even breakfast. Goodie bags for kids only. Water front sites with campers will cost extra. Will have a band one night.

**Red Eye Truckers**      **June 7 – 9, 2013 – Rocking Red Eye Van Run –** Floridian R.V. Resort - FVC meeting will be held on Saturday. \$15 pre-reg. You pay the campground directly. Camping costs run about \$36 for 2 nights. So, stay Friday night and Saturday

night and total cost will be about \$51. C-Van said thanks for all the pre-reg. Covered Dish Social, games, video entertainment on Friday. Bring a full covered dish with food, and plenty of napkins. Pancake and Sausage breakfast on Saturday, as well as FVC meeting, games, toy van race, "Down South" picnic dinner, movies. Bring your Toy Vans for the race. Will show the movie "Carz" for the kids and "The Van" for adults. The campground bathrooms are up and running.

**National Truck-In**      **July 10 – 14, 2013 – Old Washington, Ohio.** Lew and Tim Ebright are doing the ice with the help of the FVC. FVC is doing the Kid's games. Don Noone has a Van Race game. Send him a photo of your van, and your game-piece will look like your van. Six Pack is taking pre-reg's now.

**Junior & Glenda**      **August 30, 2013 – September 2, 2013.** FVC meeting on Saturday, August 31, 2013.

**GSVR IX**      **October 4 - 6, 2013** – Flaming Arrow Campground just south of Cherokee, NC. Put on by Southeast Van Council. Great little event. Judith already has her site booked.

**FVC**      **October 25 - 27, 2013** – FVC's 40<sup>th</sup> Anniversary Truck-In - Sunshine Key Campground, mile marker 39, U.S. 1 in the Florida Keys. Judith has a new gown for the "Ugly Prom Dress" contest. Scribe John noted that, if we want to get those out-of-staters back to this eVant, we better start having bands, games and a van show. Attendance has been down because the last few times it's been just a "laid back" weekend. Gnarly commented, "Can we please not have hurricanes this year?"

C-van said we can advertise on a site for \$19.95 a year and the proceeds will go to feed the hungry. She will bring more details to the next meeting.

Bob said FaceBook is a good platform to get and receive info on Vanning. He said that critical comments should be sent in a private message and not put on the timeline.

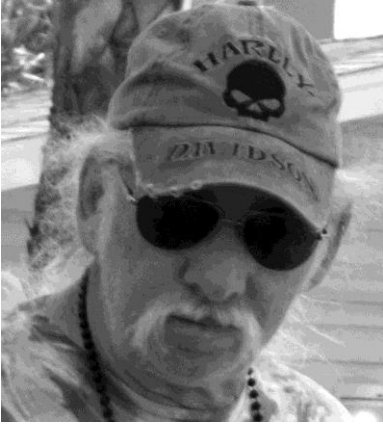

Judith noted that someone stole her name and that individual is putting up derogatory remarks on FaceBook in her name. She wanted it known that she does not post derogatory remarks on FaceBook, or anywhere else.

Mook made a motion to adjourn and the meeting was concluded.

Respectfully submitted,

Scribe John, Secretary

## FVC President

Hello fellow Vanner's, we still have half our Vanning year to enjoy. Red Eye is hoping to help Vanners start this half with a party.

Sidewinder's was fun, the food was good, we destroyed many attacking targets, and there were no survivors. Randy did a great job of keeping up the fire despite a little moisture. The FVC meeting went pretty good until the rain got so loud we couldn't hear Gnarly shouting the newsletter report, so we moved inside Tom and Sheila's house

to finish. Despite the rain the fire was too nice to ignore so a 10 x 20 was set up with 3 sides so we could enjoy the fire dry in our lawn chairs. Vanners are very resourceful. Thank you to Sidewinder and Sheila for opening their home to us and for a really good breakfast on Sunday.

Foreplay's Beverly Beach eVant made the rain at Tom's seem like a drizzle. We partied despite a bona fide Tropical Storm. Sorry for the people who lost their 10 x 10s. The club house and covered area we got to use on Fri. and Sat. helped us have a really good time. The band on Friday was good, Foreplay had Food and Red Eye had drinks. Friday night was a success. On Sat night another party and I think a good time was had by all. (Except for the guy who got us shut down a little early because he called the deputies about noise, typical Vanner luck.) We still partied with Foreplay until 3:00 am. Thank you to Foreplay for their efforts, they should all be proud.

Next we have the Nats in Ohio; we are planning on being there and hope many of our fellow FVC members will be able to go also. After the FVC meeting we will be trying out a few ideas for a "Casino" game for the Nats, that should be fun.

The Florida Van Council's 40th Anniversary Celebration will be in the Keys this year. We need help to organize the eVant. This is an FVC EVANT, OUR EVANT, so YOUR help, support, and ideas are needed to make this a success. We can put on an old fashioned Keys Truckin like the great Keys eVants past.

KOV.....Buffalo Bob

## FVC Vice Pres and Social Director

Dear FVC,

We all had a large, wet time at Beverly Beach. I cannot believe that storm wasn't named. I was laying low after a slip and fall accident but managed to have a great time. Thank you to Broward for feeding me Saturday night.

I'm looking forward to RedEye eVANT in June. Floridian RV park will be a nice setting with trees!

I probably will not make the NATS. I know all of you representing the FVC will make us proud.

The next meeting and eVANT when you return will be Sammett Fest. I can hardly wait for the fun to begin again. Thank you all for your attendance and participation. There would be no FVC without your support. Bring a friend when you can. Download your pics to either the FVC website or FB page for all to share. Please support the host clubs and pre-reg. Just a few extra dollars can make all the difference in an eVANT. Remember we will need lots of support for the Keys trip.

Be safe and be kind.

Cari

---

### From the Editor

A blazing good time at the Sidewinder estates! Canopy fireside seating is a first for me!

More wet stuff with an attitude at our 70's party on the beach made for some last minute changes, Thank you Bones for use of your grill. We have adjusted our weather request for next year accordingly. Thank you ALL for making it a fun party, without your great spirits, it would not have been possible!

Looking forward to RedEye eVANT #1, it may be their 1<sup>st</sup> as a group, however they each have much vaning experience .

Nats planning is well under way, were not even sure which Van we're taking...were gonna get there tho!

Gnarly

## FVC Treasurer

Well, here it is June already and another year is half gone.

Broward would like to thank everybody that made it to Sidewinders in March. We had a little rain but lots of food and fun. We made lots of noise and Randy got to burn some wood (even in the rain). Smokey got his tractor fix for another year

and also had his truck fixed (in St. Cloud). We look forward in doing it again next year if Tom will have us. Thanks for coming!

Beverly Beach was a little wet, and I don't mean from the ocean. We had a nice breeze (20 mph) most of the weekend, who says you can't put up a tarp in that kind of wind. All you need is eight people, two vans and two tables and a tarp you don't care about. The only damage to the tarp was when we took it down on Sunday and bent two poles and it was only blowing ten mph. We had all the diehard vanners there. I just knew the sun would come out and it did, about three o'clock on Saturday. The wind died down for about an hour (that was it). Luckily the campground let us use the AA hall for our Friday and Saturday night drinking. The tiki bar had lots of good stuff. They even served up apple pie. Thanks for the fun. I will be looking forward to next year (minus the rain). It's going to take a week to clean the van and trailer. I can hear 'em rusting. Oh well that's the price of having fun! I will do it again next month. See you in St. Cloud.

Linard

---

We are still cleaning up after Foreplays wild, wet, salty weekend. I never saw the ocean so angry before; not only wild waves but throwing foam everywhere. Talk about a temper tantrum. However, in usual vanner style, we made the best of it. We managed to run between rain drops. Having a hall with a large covered porch helped. It would have been nice if we had nice weather but

obviously nice weather is not a requirement for us to have fun. If you missed this year be sure to make their next Cinco De Maya eVANT.

Thanks Foreplay for all your effort.  
Agnes

# Pineapple

The pineapple is a member of the bromeliad family.

It is extremely rare that bromeliads produce edible fruit. The pineapple is the only available edible bromeliad today.

It is a multiple fruit. One pineapple is actually made up of dozens of individual flowerets that grow together to form the entire fruit. Each scale on a pineapple is evidence of a separate flower.

Pineapples stop ripening the minute they are picked.

No special way of storing them will help ripen them further.

Colour is relatively unimportant in determining ripeness.

Choose pineapple by smell. Good fruit smells fresh, tropical and sweet.

The more scales on the pineapple, the sweeter and juicier the taste.

After you cut off the top, you can plant it.

This delicious fruit is not only sweet and tropical; it also offers many benefits to our health. Pineapple is a remarkable fruit.

We find it enjoyable because of its lush, sweet and exotic flavor, but it may also be one of the most healthful foods available today.

If we take a more detailed look at it, we will find that pineapple is valuable for easing indigestion, arthritis or sinusitis.

The juice has an anthelmintic effect; it helps get rid of intestinal worms.

Pineapple is high in manganese, a mineral that is critical to development of strong bones and connective tissue. A cup of fresh pineapple will give you nearly 75% of the recommended daily amount.

It is particularly helpful to older adults, who tend to have brittle bones.

Bromelain, a proteolytic enzyme, is the key to pineapple's value.

Proteolytic means "breaks down protein", which is why pineapple is known to be a digestive aid. It helps the body digest proteins more efficiently. Bromelain is also considered an effective anti-inflammatory.

Ingestion of at least 1/2 cup fresh pineapple daily is purported to relieve painful joints with osteoarthritis and produce mild pain relief.

In Germany, bromelain is approved as a post-injury medication because it is thought to reduce inflammation and swelling.

Orange juice is a popular liquid for those suffering from a cold because it is high in Vitamin C. Fresh pineapple is not only high in this vitamin, but because of the Bromelain, it has the ability to reduce mucous in the throat. If you have a cold with a productive cough, add pineapple to your diet.

It is commonly used in Europe as a post-operative measure to cut mucous after certain sinus and throat operations.

Those individuals who eat fresh pineapple daily report fewer sinus problems related to allergies. In and of itself, pineapple has a very low risk for allergies.

Pineapple is also known to discourage blood clot development.

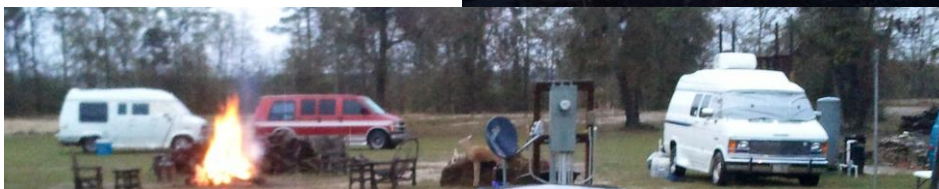

An old folk remedy for morning sickness is fresh pineapple juice.

Fresh juice and some nuts first thing in the morning often make a difference. It's also good for a healthier mouth. The fresh juice discourages plaque growth.

Now you know more than you ever knew you would about the pineapple.
